Re: Illegal Arrest and detaining of Virginie Araujo-Recchia

Dear Sir or Madam,

Let it be known that an international group of concerned attorneys, experts and a judge, recently presented an enactment of an American style criminal grand jury, livestreamed and published online to the Peoples' Court of Public Opinion about the preplanning of the pandemic, of the falsity of information and lies we have been fed in the last two years, and of part of the ultimate agenda which has nothing to do with health, but rather with world domination and control.

Among the group who helped in the enactment was one attorney, our friend and colleague, Virginie Araujo-Recchia, a French attorney living in France. She was arrested the morning of March 22 in front of her children. We are informed the charges involve terrorism and possibly treason, which we believe is related to the passionate work she does for the French people as well as the world, in fighting to restore our God-given rights. We demand her release immediately. She is not a threat to the state, she is only a threat to the lies of the state.

We want the world to know that this flagrant violation of rights demonstrates there is no more freedom of speech - that if we speak out, as Virginie Araujo-Recchia has done, that we will be persecuted. Even those who disagree with our message should know that their rights to free speech are threatened by such action. Just because you may go along with the "official" narrative now does not mean at some point you won't disagree with it. What happens then, if you have not moved to help another faced with this? We ask all of you to look into your hearts and souls. You know this is fundamentally wrong, and against natural law.

This is a time for unification and standing up. We cannot continue to allow this tyranny to escalate. When Shakespeare said in *King Henry VI* "First, kill all the lawyers..." he was referring to the first step in destabilizing a society. For a society cannot be a peaceful society if it does not follow the Rule of Law or its Constitutions of God-given liberties. None of us is safe when tyranny rules.

The ones who need to perpetuate the lie will be the ones who will kill anyone in their way who tells the truth. The first casualty of war, as they say, is the truth. The next may be the lawyers and advocates, and then anyone else. Don't stand by and let the arrest of a freedom loving patriot go unpunished or unheard. Please pray first for her speedy release, her safety, and then flood the officials involved in this with calls and emails to protest this travesty.

I urge you all to send this out to everyone you know now.

Release Virginie now!

Signed,

*N. Ana Garner, Attorney United States*
